

AMENDMENTS TO THE SPECIFICATION

Page 30, second full paragraph:

FIG. 18 illustrates ~~[[a]]~~ an exemplary variation of ~~[[the]]~~ a pin retaining member ~~[[60]]~~ 61. The upper and lower arm portions ~~[[60b]]~~ 61b, 61b' are formed so that they differ in shape. Similarly, the upper and lower pin retaining portions ~~[[60c]]~~ 61c, 61c' are formed so that they differ in shape. The upper and lower arm portions ~~[[60b]]~~ 61b, 61b' may be formed so that they differ in wall thickness. In this variation, an attaching portion 61a and a connecting portion 61d are similar to the aforesaid attaching portion 60a and the connecting portion 60d, respectively.
